Re: Generator Listing  
Revision 1

Attention: Mr. Steven Kinser, Remedial Project Manager

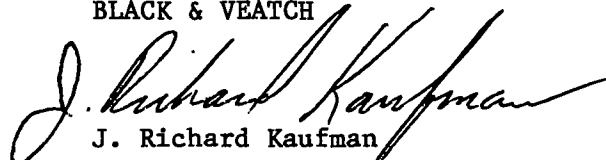

Gentlemen:

Enclosed are 10 copies of Revision 1 of the PCB Generator Listing for the Martha C. Rose Chemical Company site, dated October 8, 1986. The revised list includes the names of additional generators which were obtained by review of the processing and financial records. Additionally, the names of the Chief Executive Officer (or similar corporate head) of each generator has been included. The names listed are for the generators where corporate information was readily available. For generators where no name appears, we are in the process of gathering that information using a variety of different information search techniques. As soon as the listing is complete we will prepare a final revised version.

Please call should you have any questions concerning Revision 1 of the Generator Listing.

Very truly yours,

BLACK & VEATCH

  
J. Richard Kaufman  
Site Manager
